## Coaching Level 2 Pathway

Issue B

21<sup>st</sup> October 2022

### PREAMBLE

BEV offers an accessible route for members to become involved in all aspects of coaching.

level 2 Lunging (L) modules and Vaulting (V) modules may be assessed separately. Both modules need to be completed to become a level 2 Coach. Candidates may by choice follow a Lunging pathway or a Vaulting pathway i.e. a candidate may progress from level 1 to level 2 in one module only, either lunging or vaulting. **A person with level 2 (V) may only run a session if a person with level 2 (L) is present and vice versa: two people = full level 2 coach.**

Relevant experience and qualifications will be considered as part of the assessment of candidates at all levels in certain areas of knowledge.

There are no time restrictions on completing any level. The pathway is designed so that in certain cases, candidates may bypass a lower level and fast track to a higher level if the assessor is confident that the candidate can meet all requirements needed at the previous levels. Safety within the sport and the welfare of the horse is paramount.

Assessments may be carried out on-line at the discretion of the assessor.
